GAS SUPPLY

POWER PAK SUPPLY

The CADAC Trio Power Pak and the CADAC Dual Power Pak replace a gas cylinder and regulator. The Power Paks are lightweight, portable and easy to use. The regulator and hose is included. Once you fit the disposable cartridges to a CADAC Power Pak, the LP gas supplies (at 28mbar) the camping appliance or barbecue. The universal fitting on the end of the hose is a ¼" BSP left hand thread, so the Dual Power Pak or Trio Power Pak can be used with any brand of camping stove or barbecue.

CADAC PRODUCTS THAT CAN BE POWERED BY THE DUAL & TRIO POWER PAKS:

Citi Chef 50, Carri Chef 50, Citi Chef 40, Grillo Chef 40, Safari Chef 30, 2-Cook 2, Skottel® Braai, Grill2Braai and other gas stoves/barbecues.

- The Trio Power Pak is driven by 3x bayonet style nozzle valve cartridges of 227g each (not included). This amount of gas will feed a small appliance or barbecue for ± 6 hours.
- The Trio has a removable back cover. When this is unclipped, the 3 cartridges can be fitted and clipped into the valve.
- The hose is removable with a CADAC QR/Quick Release connector.
- All 3 cartridges supply gas at the same time, which assists in cold climates.
- Includes a convenient carry bag.

Code: 370

TRIO POWER PAK

DUAL POWER PAK

- The Dual Power Pak is driven by 2x 445g or 2x 500g EN417 threaded cartridges (not included).
- Each cartridge can be independently fitted and each gas cartridge feeds the appliance.
- 1kg gas will supply a small barbecue like the Safari Chef 30 for ± 10 hours.
